

STUDENT PROGRAMS

PLAY AND LEARN IN NATURE

WESTCAVE
OUTDOOR DISCOVERY CENTER

VISIT OUR PRESERVE

The Grotto

A sheltered canyon of lush plant life

Westcave

A 40-foot waterfall

Uplands

Unimproved hiking trails

Bird watching

Savanna blooms

Environmental Learning Center

Westcave's geology, water, weather, and energy and their connection to the Preserve's plants and animals.

STUDENT PROGRAMS

All student programs include a guided tour of Westcave Preserve, classroom discussion, and exploration of the exhibits at our Environmental Learning Center.

THE WESTCAVE STORY

Students will learn about the plants, animals, geology, hydrology, and cultural history of Westcave Preserve.

ANIMALS AND BOTANICAL MARVELS

Students will learn about the wildlife and plants of the Preserve to understand biodiversity.

WATER: LIFELOOD OF THE EARTH

Students will learn about the water cycle, groundwater aquifers, and Westcave Preserve's rainwater collection system.

STUDENT PROGRAMS SURVEY

We surveyed 100 students who attended our student programs and found many students benefit from our programs.
